## Class Information:

### English 10 Honors:

*English 10 Honors is specifically designed to prepare students for their foray into AP Language & Composition. Thus, students are challenged to think critically & analytically about the literature & ideas addressed in the curriculum, & to express their understanding of such in an articulate & multi-faceted fashion.*

### American Literature (11th):

*American Literature mirrors the American History timeline; the literature that is addressed in the class is a direct reflection of the various time periods in American history and the perspectives of those who struggled to establish what is now known as the American identity.*

### Bible as Literature:

*Bible as Literature delves into the ancient text to reveal transcendent themes, historical & religious contexts which helped shape the Western world, and peoples/cultures who have far more in common with modern peoples than previously thought.*
